Puppy will have received his/her's first set of vaccinations, and worming. Buyer is obligated to have the puppy examined at buyer's expense by a licensed veterinarian to verify general health within 72 hours from the date of pick up, delivery and/ or shipment:__. Failure on the part of the buyer to have the Puppy's health verified will result in any and all warranties being canceled/nulled/void. Seller accepts no liability for any communicable diseases after 24 hours from when the puppy leaves the possession of Seller. If puppy/dog does not pass a general health exam, buyer agrees to notify breeder/ seller via email of phone within 24 hours of veterinary notification and provide a copy of the original signed licensed veterinary statement of health. Minor, treatable problems, such as diarrhea, coccidiosis, parasites, giardia, etc. are common problems in puppies. Especially under the stress of new circumstances, and willnot be covered by this warranty, although every effort is made to prevent this.

Warranty: Buyer acknowledges that seller is not responsible for buyer's veterinary expenses at any time or under any circumstances. Seller also warrants this puppy free from "generic defects", such as hip dysplasia, deafness, serious eye defect, that would prevent the puppy from being a companion animal, until the puppy reaches two years of age. If this puppy is found to have a genetic defect (2 mutated genes) of this kind, this must be verified by a licensed veterinarian. In the case of hereditary hip deformity, a copy of written notification must come to the Seller from Orthopedic Foundation for Animals (OFA).

In case of a generic eye deformity, written notification must come to Seller from a Board- Certified Veterinary Ophthalmologist. If a "genetic disorder" is found, the buyer may choose to either, return puppy/dog to the seller at the buyer's expense and the seller will then replace the puppy with one of the same sex and coat color from the first available litter (puppy to be determined by Seller), OR the Buyer may choose to keep the puppy/ dog with a refund of ½ the purchase price. This contract will only be valid while the breeder/seller is breeding. Should the seller discontinue breeding dogs of this variety, this contract shall be void. This contract is between the seller and the buyer(s) signed below. If this puppy/dog is sold to a third party, this contract shall null and void.

The puppy/dog must not be allowed to become obese as determined by a Veterinarian, or to regularly participate in prolonged strenuous exercise (such as jogging) before 18 months of age, or regularly jump to or from high places (such as pickup truck). The x-rays for determination of final hip status are taken between 24-26 months of age.

Purchase Agreement: It is the breeders/seller's sincere intention that none of their dogs are ever taken to a shelter or pound. If at any point in the future, the buyer cannot keep the puppy/dog that is still in good health, the breeder/seller agrees to assist in finding this animal a new home or will take said puppy/dog back (no money will be given to the buyer). At any time, the buyer can surrender the dog back to seller. The puppy is warranted only for the purpose of being a pet/companion animal. Although it could be capable/suitable of performing other functions, such as show or breeding, no warranty is being given for that purpose. If used for breeding (only if purchased/given breeding rights), the seller asks that the buyer do so responsibly, and recommend that males be at least 1 year of age before being used and females at least 1 year of age or have had their second heat cycle before being bred.

Seller cannot guarantee adult size or conformation of the puppy/dog. Buyer hereby releases breeder/seller and agrees to hold harmless for any liability, injuries, or damages to persons or property caused by this puppy/dog. Buyer shall assume full responsibility for the continued health, temperament, and appearances of the puppy/dog upon when the puppy/dog leaves the premises of breeder/seller.

Buyer must follow the regular vaccine, worming and heart worm (only if prevalent in your area) schedule. Failure to do so causes this contract to become null and void.
